

YPI Camera Club Programme 2019

Unless otherwise stated, all meetings are held from 7:30 pm to 9:15 pm at the Darby and Joan Hall, Cottingham.

We are continuing to suggest subjects for AVs this year as quite a few members have said that this encourages them to produce something. If you don't fancy the set subject, make an AV on a topic of your choice and bring that along, even if you haven't quite finished it. There are further details about some of the set subjects on the projects page accessible to members only.

In addition to the main topic of each meeting, there will be an opportunity for discussing any technical problems. If you can contact Andrew Chadwick or Andrew Hersom in advance this will help them prepare. There will also be some technical talks on matters relating to some of the set subjects or on areas raised by members in the past. These will be fitted in where time is available.
